THROUGH

: Inspector General

SUBJECT

: DDI Contribution to an Unclassified
Annex for the Rockefeller Commission

STATINTL

1. This memorandum responds to a request from [REDACTED] of your Office for information on unclassified requests serviced by the DDI since January 1970.

2. Attached to this memorandum are submissions from the DDI components containing examples of unclassified requests, letters of acknowledgment and commendation, and in some cases a statistical rendering of requests received during the reporting period. It should be noted that the attachment in no way reflects the total number of unclassified requests received in and serviced by DDI components since 1970. For example, many requests are received and answered telephonically with no record of them being maintained. Two Offices--OPR and IAS--did not service any unclassified requests.
